## Bihar

- Bihar is located in the eastern part of the country. It is an entirely land – locked state, although the outlet to the sea through the part of Kolkata is not far away.
- The Bihar plain is split by the river Ganges which flows from west to east
- It is also contiguous with Uttar Pradesh to its West, Nepal to the north, the northern part of West Bengal to the east

## Some key factors

- It is 13th largest state of India, area wise 94,163 km<sup>2</sup>
- It is 3rd largest state of India by population
- It has total divisions 9
- Bihar has total number of 45,103 revenue villages
- Its has total number of towns 199

# Vision of the State

## The Government's vision is to develop Bihar as follows:

- Endeavour for rapid extension and growth of knowledge base economy in the state
- To bridge the digital divide which separates the citizen in urban areas from those in rural areas by creating a robust infrastructure and deliver online services to every citizen in the state
- To make Bihar an important destination of investment in the IT/ITES/EHM industries and fuel the development of the state
- To make Bihar the frontrunner state in good governance through ICT (Information and Communication Technology) enablement
